ADRIFÖL Hydraulic HVLP 22

0002-000242

Description

ADRIFÖL Mineral Hydraulic HVLP 22 is a multigrade hydraulic oil developed on the basis of specially selected base oils. ADRIFÖL Mineral Hydraulic HLVP 22 offers a high wear protection, even under extreme loads, thanks to effective additives.

ADRIFÖL Mineral Hydraulic HLVP 22 is characterized especially by a very good viscosity and temperature behavior and reliable corrosion protection.

Instructions for use

ADRIFÖL Mineral Hydraulic HVLP 22 can be used primarily in hydraulic systems with heavily fluctuating operating temperatures.

ADRIFÖL Mineral Hydraulic HVLP 22 is ideal for heavy-loaded hydraulic systems, earth-moving machines and agricultural machinery. It is favoured at heavily fluctuating operating temperatures and may not be used in hydraulic systems which contain silver or silver-plated construction and operating elements

Quality classification

Specification

- DIN 51524 Teil3 HVLP

Approval:

- Pour Point
- viscosity index

ADRIFÖL Hydraulic HVLP 22 is tried and tested in practice in aggregates requiring adherence to manufacturer's fluid specifications:

- CETOP RP 91H-HV
- DENISON HF-1, HF-0, HF-2
- General Motors LH-04-1
- General Motors LH-06-1
- General Motors LH-15-1
- ISO 6743/4-HV
- AFNOR 48 603 HV
- Sperry Vickers 1-286-S
- Sperry Vickers M-2950-S
- US Steel 127
- US Steel 136

Properties

- reliable protection against corrosion
- excellent wear protection
- a stable viscosity index
- very good oxidation stability
- prevention of foam formation thanks to good air and water separation capacity
- very low pour point
- neutral towards sealing agents
-
